Eid ul Fitr Message

My dear brothers and sisters:

السلام عليكم

I am pleased to express my earnest and sincere greetings to all Pakistanis, their families and friend and all Muslims living in Australia on the auspicious occasion of *Eid ul Fitr*.

Eid ul Fitr is not only a moment of bliss and celebration for all Muslims but also an occasion to thank *Allah* for providing us an opportunity to fast during the month of *Ramadhan* and collect social, scientific, spiritual and medical benefits and blessings from it. While celebrating this occasion, we must not forget the less fortunate people living with us in Australia and Pakistan, who need help and support from us in celebrating their *Eid* with equal joy and happiness. Let us resolve to share the blessings of *Allah* with our less fortunate brothers and sisters to amplify the delight of the occasion. This act of kindness towards the poor and needy will help in the acceptance of the efforts made during the blessed month of *Ramadhan*. Lets us resolve that we will continue to practice good deeds during the following months.

While celebrating *Eid ul Fitr* in Australia, I urge upon you to pray for the progress of our homeland and recommend you to cooperate and collaborate amongst each other for improving the image of Pakistan.
